## CALVIN BOSCO & CHRIS BEKKER feat. GIORGIO MORODER

### DJ & PRODUCER CHRIS BEKKER

Berlin resident by choice for more than a decade

It was in summer 2001 when Chris Bekker discovered his passion for the explosive spirit of the club scene and developed, inspired by the intoxicating and impulsive energy of electronic music, his own unmistakable sound, he is still well known for today.

With the help of his first DJ equipment he started to mix Club-Mixes in his own personal style. At first Berliners went crazy about his style and later on he convinced an international Party community. Today he is not only well known for his legendary DJ Sets but also for his own music productions that bring the crowd to boil on the dancefloor. Soon after he stepped into the world of his own music productions and projects his first track "Smile" was chosen by an Internet start up as their launch song, his next Balearic Electro productions "TriBiza" and "Maestro Mucia!" feat. Encarnita's strong vocals, electrified the club scenes and was supported by many of his national and international DJ colleagues. Today Chris Bekker stands for energizing Electro, Tribal, and Progressive House and personalized Trance Vibes with gigs all over Europe, the US or South America. His spontaneous synthesis of sound-elements guarantee an unforgettable musical journey for every party-goer. Legendary sets with DJs such as Tom Novy, Phil Fuldner, Moguai, Trentemoeller or Ismael Rivas have further enhanced his own producing style, making him one of the hottest newcomers on the horizon.

Asked what was so special about DJ-ing for him, he answers as follows: First of all the special thing is the positive motivation and the unlimited enthusiasm of my audience. I want to kind of „kidnap“ them into my “sets“. The best feeling though results from the moment when the crowd takes itself on a highway to growing ecstatic musical highlights. And takes him with them as well.
